# Interactive CAsT

Paul Owoicho

# Learning Outcomes

- Explore and build the components of a simple CAsT System
- Gain exposure to the following methods and their open challenges
  - Query rewriting,
  - Document retrieval, and
  - Passage ranking
- Understand the task for CAsT'22

# Setup

- We'll be working through a Colab notebook for this tutorial
- <https://colab.research.google.com/drive/1OR4zzfbWHhGkGRvPWhsn-1za2o2YIT5N?usp=sharing>
- Steps:
  - Create a Google Account (if you don't have one)
  - Save a copy of the notebook to your Google Drive
  - Make sure your notebook is using a GPU runtime

Hands on
